LUDIA

# LUDIA PENDANT

## **DESCRIPTION**

A small pendant with pentagonal form deliver gentle, delightful and soft light, can be integrated into different living space. To get rid of the glare light bulb, millions of micro lens built in light shade distribute comfort, no dazzling and no shadow light. The yarn-like texture is semi-penetrated and increases the visual layering. It could be applied to the bar, bed side, coffee table, children's room, or multi-combination to place on a larger room. The series includes table lights, chandeliers, wall lamps, ceiling lamps and a variety of colors of choice.

## **FEATURE**

- Invisible LED refraction through millions tiny lenses with gentle, glare free illumination.
- Match up with Triac Dim to create different brightness. (Dimmer purchased separately)
- Light emitted from both-side of lampshade to enlarge the light range.
- Unique heat sinking design to last lifespan.
- Easy installation by the safety joint on the end of hanging cable.
- Available in many colors.
