# Flying Wall Light

## DESCRIPTION

In the busy and tight daily life we need the space to relax and calm the mind. With an unique silk-like luminous light guide, XcellentDesign makes the luminaire like birds with strong yet elegant wings take a break on the wall. Along the direction of light guide, the light spray out to extend its form, become a strong visual effect. To configure several lights on the wall to create eye-catching decorative scenario.

## FEATURE

- Slim and frameless, the luminaire surface appears silk-like when lit-up and returns to clear when unlit.
- Invisible led chips, each side of the glass illuminates to create a comfortable ambience.
- The whole surface of a blade emits a controlled, uniform, smooth and low-glare comfortable light.
